Rationale

All pupils arriving in a new school are entitled to the same welcome and induction into the life of their new school, as their peers whom speak English as a first language. Core agreed procedures are put in place for all newly arrived pupils. Some additional procedures may be necessary in order to ensure pupils and families from Minority Ethnic backgrounds have the same access to information and support as all other parents and pupils.

Key elements of Induction and Assessment Policy

- Preparing for the new arrival
- Settling the new pupil in school
- Gathering evidence for summative assessment

Induction and Assessment of New Arrivals

At Loxdale Primary School we will:

- Take account of the cultural, linguistic and academic needs of newly arrived pupils and recognise the positive contribution newly arrived pupils can make to our school.
- Welcome new arrivals with a whole school approach, ensuring that
 we have a carefully considered process for welcoming all new
 arrivals.
- Positively reflect the new arrivals' language and culture throughout the school environment.
- Build partnerships with parents as an essential element of working with newly arrived children.

New Arrival Induction Procedure

Mrs D Mould will be responsible for procedures to be in place:

New arrivals to Loxdale Primary School will be inducted according to the actions in the flow chart below.

New arrivals induction flow chart

Pupil/family arrives at school and requests school place/following admissions placement.

School office staff obtain basic admissions information if possible.

School office arranges date for parent/carer to meet **named SLT member**/EMA coordinator for parent interview and tour of school. Set date for pupil starting school, ensuring that this is after the parent interview date but no later than five days after initial request for place

If necessary, arrange interpreting support for the meeting /interview (eg use parent/parent ambassador/member of staff with shared language or Big Word).

Inform class teacher of pupil's name and start date. Give class teacher EMAS induction guidance notes if appropriate, and ensure teachers' checklist for induction of newly arrived pupils (see guidance notes) is available in classroom

Conduct parent interview on agreed date, using the School's Pupil Record form to record information (see guidance notes). Issue School Prospectus, Welcome booklet/photo story in first language/ESOL classes in Wolverhampton leaflet if available. With permission, give parents contact details of parent ambassador/ families in school who share the same language

Take pupil and family on tour of school (or use trained Yr 6 pupils who know first language). Explain uniform requirements, school meals, arrangements for trips, equipment and PE requirements etc.

Introduce pupil/family to class teacher. If convenient, introduce pupil to new classmates. Give parents copy of weekly timetable (with visuals if possible). Explain induction and assessment process to parents while interpreter is still available

Pass Pupil Record information to class teacher.

Class Teacher organises buddies (talking the role through with them using buddy leaflet see guidance notes)

EMA Co provides class teacher with support resources (eg bilingual dictionary/phrase book/new to English resources see
file on teacher's drive new arrivals/bilingual resources for phrase books)

Pupil starts school.

1-2 Weeks Initial Assessment (Real Materials optional) of Pupil (EMACO if early stage English) Information disseminated to relevant staff. Support Programme developed as appropriate

2-3 Weeks Buddies Accredited (Certificates)

4-6 Weeks Pupil Review Meeting (see guidance) which includes meeting with parents

Teacher's checklist for induction of new arrivals- see guidance notes

Before and after admission to Loxdale Primary School we will complete the teachers' checklist in order to ensure every pupil has as positive a start as possible.

Settling the pupil into school

Once the pupil has been admitted to school and the teacher's checklist for induction has been completed the following actions will be undertaken.

- Pupil to be grouped with supportive role models
- Pupil to begin to be observed in class, using "Observable Outcomes "checklist in quidance notes which can be used for target setting.
- Clear timetable to be established for any intervention activities eg New to English programme/Talking Partners
- Date set for pupil progress meeting by four to six weeks in school to evaluate assessment evidence and establish Age Related Expectations (ARE)
- Teachers will consult and use strategies suggested in guidance notes "Advice for teachers working with EAL pupils"
- EAL Beginner Scheme of Work Resources (File on school drive: New Arrivals\Teaching Resources\Beginners Scheme of Work) available to support new arrival. These are to be used as a last resort when inclusion is not an option. They should only be used for a very limited period of time in any one day.

3. Gathering evidence for summative assessment

- An initial assessment of pupil levels is carried out (Assessment materials for literacy and mathematics are available on school drive file New Arrivals\assessments\Initial Assessment and can be adapted accordingly.) For KS2 pupils the assessment should include mathematics as well as literacy if at all possible. These can be used to support initial target setting.
- Ongoing assessments will take place over a six week period at the end of which a judgement will be made based on where they are against the ARE in Literacy (Speaking/Listening, Reading and Writing) and Mathematics.
- Early Years practitioners should take into account, if at all possible, the entitlement to assessments in first language when making judgements of the new pupil against the Early Years areas of learning and development
- During the ongoing assessment period the new pupil should have full access to the curriculum and formative
 evidence should primarily be obtained from pupil's responses to class work. Assessment for learning principles should be
 applied and next steps for pupil's learning clearly identified.
- The assessment process can include gathering evidence of first language oracy and literacy.

Summative assessment and pupil progress meeting (4-6 weeks after arrival)

- Pupil progress meeting will take place four to six weeks after pupil arrives in school
- New Admissions Pupil Review form can be used in guidance notes to assess how pupil has settled in.
- All staff involved with pupil should reach a consensus on pupil's ARE/ Early Years areas of learning and development

- Language in Common extended scales should be used for EAL pupils, if appropriate
- Staff to consider all evidence available e.g. observations, evidence from workbooks (literacy, maths, science, topic etc), progress through Beginners Scheme of work, duc language texts and any written work in L1 to check literacy.
- Summative assessment should ensure that pupil is placed on school targets within six weeks of starting school. Monitoring progress should then become part of the mainstream school tracking cycle and fall in line with existing school policies.
- Planning strategies and support for EAL pupils to plan next steps for pupil progress.
- All information gathered in the first six-week period needs be shared with family at meeting. Also feedback can be obtained (see pupil review form) on how parents perceive the school induction process. Ensure interpreting support is available for families of EAL pupils
- Pupils who do not make expected progress against ARE targets may need additional investigation into their individual learning needs, initially through the school SENDCo and then in consultation with outside agencies.

Working with EAL children

To support the inclusion of children with EAL the following guidance provides supportive strategies to enable EAL children to access their classroom and the curriculum effectively. Class teachers and teaching assistants should try to include as many of these strategies as are appropriate.

Ensure that the child feels their culture and background are recognised and valued	
(learn a few words/phrases; make bilingual labels/displays; share stories and	
pictures that reflect their background).	
Provide visual support whenever possible(pictures, photos, diagrams, graphic	
organisers, demonstrations , mime, gestures)	
Speak slowly and simply but naturally. Avoid or explain figurative language.	
Identify and model language demands of lessons (e.g. science lesson needs mostly	
past tense but predictions need future tense; instructions need imperatives)	
Model appropriate language and structures for pupil- provide talk frames, and	
writing frames for literate pupils	
Respond positively to pupil's speech, but try to extend their responses; e.g. I go	
park→ I went to the park	
Group the pupil with mixed or higher ability pupils who can provide good language	
models (not SEND groups).	
Provide plenty of opportunities for pair and group work, especially collaborative	
tasks (supportive, non-threatening, practice for new language skills)	
Preview/pre-teach lessons - provide key texts in advance to parents (if they can	
help) or to a TA to discuss with pupil	
Allow opportunities to revisit and talk about stories and lessons. Build these	
opportunities into teaching assistant time in class	
Provide a few key words/phrases for each subject or lesson. Support pupil to	
build up a personal dictionary with pictures and translations in first language (L1)	
Allow time for pupils to prepare responses with a partner. Oral rehearsal should	
always precede written work. First language talk partners should be encouraged	
but used flexibly- do not allow new pupil to become over dependant on first	
language friend	
Pupils literate in L1 can draft ideas or complete a written task in L1. Encourage	
use of bilingual dictionary	
Literacy skills will transfer but the pupil may need a reading and spelling	
programme and guidance as to how phonics differ between first language and	
English	
When marking, focus on content and highlight only 1 or 2 grammatical points.	
Teach to the gaps identified – do not let early mistakes become bad habits	
Try to segment lessons into listening/speaking/reading/writing activities to	
maintain concentration and demonstrate language use in a variety of contexts	
For relatively new to English construct matching, grouping & sequencing tasks
