

## Picture News at Loxdale Primary School

Each week at Loxdale we are given a current news story that is displayed on a vibrant poster with a thought provoking question. Each class at Loxdale discuss and debate the topic which is focused around our British Values. Below is an example of the posters with the type of questions we may discuss.

Picture news gives children opportunities to develop learning further through news stories that inspire them. It allows them to discover talents and interests through the broad topics covered. The news stories that are shared, expose children to a range of current issues including political, religious, cultural, environmental, social, moral and spiritual topics. Picture News makes British Values relevant and meaningful and helps develop links for our children between personal, school and community values, whilst also allowing them to demonstrate respect and tolerance, which are intrinsic values in our RESPECT curriculum.
