In the news this week

A new artwork, from the mysterious street artist Banksy, appeared in North London overnight in March. The artwork shows green paint sprayed on a wall behind a cut-back tree to look like greenery, with a stencil of a person holding a spray can next to it. In the days following its creation, it was covered with plastic and surrounded by wooden boards to protect it. The local council, Islington, has added a frame around the site, which has plastic panels to allow people to view the artwork, whilst ensuring its protection.

Things to talk about at home ...

- Share your experience of graffiti. Is there any in your local area?
- What is your definition of art?
- Do you like creating art? If so, what type?

Please note any interesting thoughts or comments
