9th June 2026

World Music Day 2026

Dear Parents and Carers,

As part of our World Music Day celebrations, we will be holding a special themed day on **Friday 19th June**. To mark this occasion, children are invited to come to school wearing bright colours or dressed as their favourite musical artist.

Those children in Year 6 Elder who are participating in Bikeability can still wear their own clothes instead of their PE kit, as long as the clothes are suitable for riding a bike i.e. trainers and suitable jogging bottoms/ trousers etc.

Children in Year 3 to 6 will take part in a range of exciting instrumental workshops including a djembe drumming workshop, an African drumming session, a question-and-answer session with a local artist and a dhol drum performance. Through these experiences, they will explore instruments from around the world and learn about the origins of different musical genres.

We are looking forward to an engaging and enjoyable day, celebrating music from a variety of cultures. Thank you, as always, for your continued support in enriching our school community.

Yours sincerely,

L.Morgan
